Packages and Price List 2012

Hunters Paradise offers hunting free range animals where the hunted trophy is not contained or restricted in any way by high fence or terrain. Free range animals are largely self populated and trophy potential is limited by hunting pressure.

Or on a New Zealand hunting estate. The hunting estate we mainly use has a hunting area of 2000 acres (over 800 hectares). The hunting area is stocked every hunting season with trophy red stags and some fallow bucks. Tahr and chamois self populate with mature trophy bull tahr drawn to the area during mating season.

Accommodation:

Accommodation offered during your New Zealand hunt will vary from Bed and Breakfast, to hut, to camping under tent or tent fly. The price will obviously match the accommodation chosen.

Packages:

(All package prices include airport transfers from Christchurch or Timaru airports, all meals and accommodation, guiding and trophy fees - unless otherwise stipulated)

All prices are quoted in New Zealand dollars \$NZ and will need to be converted to your currency for accurate comparison. A recommended website for currency conversion is www.xe.com.

"Mates Rates" hunts are based on two hunters and one guide.

"Kiwi Hunts" are free range hunting on private or public land with accommodation in huts or tents.
